EXECUTIVE SUMMARY

A skilled Full Stack Developer with experience in designing and implementing web applications using a variety of front-end and back-end technologies. Proficient in both client-side and server-side development, with hands-on expertise in React.js, Node.js, Express, and MongoDB. Passionate about continuous learning and staying updated with the latest industry trends and best practices.

TECHNICAL SKILLS

- **Programming Languages:** HTML5, CSS3, Bootstrap, TailwindCSS, Javascript
- **Frameworks/Libraries:** React.js, Redux, Node.js, Express.js
- **Database:** MongoDB
- **Tools & DevOps:** Git, GitHub, Postman, CI/CD (GitHub Actions – basic)
- **Cloud Platforms:** Netlify, Render, AWS (basic)
- **AI Skills:** LLM API Integration (OpenAI, Claude), Prompt Engineering, RAG (Retrieval-Augmented Generation) basics.

PROFESSIONAL EXPERIENCE

Smart Audit | Full Stack Developer

Jan 2023 - Present

- Architected and scaled RESTful APIs by removing redundant database lookups and implementing proper indexing, which significantly cut down response times and server strain.
- Boosted frontend performance and user experience by building UI-level pagination and caching, ensuring large datasets load instantly without repeated API calls.
- Led the development of responsive UI components in collaboration with the design team, creating a more intuitive interface while cutting design back-and-forth by 20%.

Search Anything | Full Stack Developer

Feb 2021 - Dec 2023

- Analyzed client requirements to build custom software features that improved functionality and led to a 15% increase in user satisfaction scores.
- Managed critical system updates, including database migrations and time-sensitive content changes, ensuring zero downtime during maintenance windows.
- Developed and debugged high-quality code for web applications, delivering accurate technical solutions that resulted in a 25% boost in user engagement.

Search Anything | Full Stack Developer Intern

Dec 2020 - Feb 2021

- Effectively partnered with cross-functional teams to design and implement static and responsive web content, ensuring consistency, accessibility, and a seamless user experience across platforms.

PROJECTS

Client's Portal | Manage Client's developers subscription

- Built a scalable subscription management system handling API usage tracking.
- Designed secure backend with JWT authentication.
- Improved system usability with structured UI and admin dashboard.

Course Tracker | Education

- Most relevant courses for you to learn new skills anytime, anywhere.
- Get the library of topics with cutting-edge courses in Coding, development and much more.
- Topic details screen based on modules.

EDUCATION

Anna University

B.E (Computer Science Engineering)

Aug 2016 - Nov 2020
